Hi Arkwood Team,

For the upcoming Arkwood dioxin sampling results report, there will be an accompanying FTP site set up for us to download the lab data.

Below is the current list of names and the associated email address for the access. If you would like to be added, or need others to be added, or to change the associated email address, please let me know.

Thanks,

Stephen L. Tzhone

Stephen, the FTP will be set up today or tomorrow. I just need to know if there will be others who need access in addition to you and Mark. If so, please send me their email addresses so they can be included. Jean
